2. PREPARING YOUR POSTER PRESENTATION

Content and language

Presenters are fully responsible for the content of their poster (order, graphics, etc.). All posters must be in English, as English is the official language of the congress. Prepare the poster at home and bring the printed poster to the congress. The congress does not provide a poster printing service.

Presentation formats and duration

All posters must be printed in portrait orientation. The format for posters is A0 (width: 84.1cm / 33.1in; height: 118.9cm / 46.8in). There is room for 1 poster per poster board. All accepted poster presentations will be published on the congress website soon and can be found.

Important:

- Please add the Abstract ID number of your abstract on the poster, for example "#206", in the upper right corner of the poster. This abstract ID number is communicated in the confirmation e-mails received after your submission as well as the notification e-mail. Allocate the top of the poster for the title and authors as stated in the submitted abstract and your contact details during the congress.
- The text, illustrations, etc. should be bold enough to be read from a distance of two meters.
- Material for attaching the poster will be available in the poster area for hanging posters. Staff will also be in the poster area to assist you with your poster location. Putting up the poster should be done by each author.
- The poster boards will be numbered by the organization. The presentation number assigned to your poster should not be placed on your poster. Please check the poster list on the congress website carefully to make sure you hang the poster on the correct poster board. **Your abstract number is not your poster number.**

There are no further specific format and layout requirements of the organisation.

3. DURING THE CONGRESS

Poster presenters are requested to stand next to their posters for discussion during the poster sessions which will take place during breaks and lunches on all congress days. All posters should be set up before the congress starts on the first day. Posters should be dismantled before the end of the congress. The organization will remove all posters after the congress.
